CITRON CHIEF STATUS NO LONGER DANGER.

Sixty-Two New Cases and Eight Deaths Friday

AT CRESCENT CITY.

Sixteen More Foci Have Been Discovered and of This Number Eight of Them Are Above Canal Street.

New Orleans, Aug. 19.—Following is official yellow fever record up to 6 o'clock Friday afternoon: New cases, 62; total, 1285; deaths, 8; total, 188; new foci, 16; total, 278; number of cases under treatment, 415.

The figures for Friday show nothing of special interest. Eleven of the sixteen foci are above Canal street. Two cases have appeared in the French asylum, on St. Ann and Derbigny streets, making five in all. That is the only asylum infected to date. Of the eight deaths two were in the charity hospital and two in the emergency hospital. One occurred at Algiers.

News from outside the city continues unfavorable. Dr. Brady, the medical inspector of the state board, who is also health officer of Jefferson parish, spent most of Friday in his own parish on a still hunt and found several cases. He found one case in Hanson City, two cases in Shreveport, five miles from New Orleans, and one case in McDonoughville, across the river from New Orleans. He also visited Pecan Grove plantation in St. Charles parish and found five cases in two houses.

Patterson reports six new cases and no deaths.

Alexandria's one patient, G. J. Haydel, died Friday. Dr. Goldberger of the marine hospital service has been assigned to take charge of the work in Alexandria.

Dr. J. A. Devron left for Thibodeaux to visit the nest of infection at the mouth of Bayou Lafourche.

There were no new cases at Mississippi City.

Is Well Developed.

Mobile, Aug. 19.—Dr. Beckford, city health officer of Starkville, Miss., announces a well developed case of yellow fever at that place. The case is that of a man named Clark, who came from Mississippi City. The Mobile and Ohio has annulled all trains on the Starkville branch until they can make further arrangements.

SENSATION CREATED.

Scotchman Charged With Effort to Have Former Wife Murdered.

London, Aug. 19.—A great sensation has been created by the arrest of Hugh Watt, a financier and formerly a member of parliament for the Galloway division of Glasgow, on the charge of attempting to procure a private detective to assist in the murder of his former wife. Detective Marshall testified in a police court that Watt offered him \$25,000 if he would induce the woman to come to Watt's flat, where he proposed to kill her by the administration of chloroform and then to remove the smell of the chloroform with peppermint. Watt was remanded for trial on bail of \$3000. The police found both chloroform and peppermint in Watt's apartments.

Watt was in the divorce court some years ago when his wife sued for a divorce, the co-respondent being Lady Violet Beauchamp, daughter of the late Lord and Lady Roden, and the divorced wife of Sir Reginald Beauchamp. Watt has since married Lady Violet Beauchamp.

Since the granting of the divorce Watt and his former wife have been in the law courts regarding their marriage settlements and much bitterness has resulted from this litigation.

DALLAS CHOSEN.

Gets Next Meeting of International Association of Fire Engineers.

Duluth, Minn., Aug. 19.—Dallas, Tex., was chosen as the place for holding the next annual convention by the International Association of Fire Engineers. Dallas received 87 votes; Louisville, 45, and Niagara Falls, 28.

John Strong of Paterson, N. J., was chosen president; George M. Kellogg of Sioux City, Ia., first vice president; W. E. Higgins of Albany, N. Y., second vice president; James McFall of Roanoke, Va., secretary, and D. C. Larkin of Dayton, O., treasurer.

DIED AT WOODWARD.

Temple Houston Departed This Life at His Oklahoma Home.

Oklahoma City, Aug. 19.—Temple Houston, youngest son of the famous General Sam Houston, died Friday at his home in Woodward, Okla. He was forty-five years of age and leaves a widow and four children.

Thirteen Recovered.

Norfolk, Va., Aug. 19.—The removal of the two Atlantic Coast Line cars which plunged into the Elizabeth river, revealed the fact that there were but two bodies in the cars, the number of bodies recovered is thirteen, with five reported missing.

Believed Epidemic of Yellow Fever Not Possible.

TYPE IS STILL MILD.

Party of Italians Arriving at New Orleans, Prevented by Shotgun Squads From Sojourning at Several Points.

New Orleans, Aug. 19.—Summing up results of campaign against yellow fever to Saturday, Dr. Beverly Warner said the opinion of the health officers was that while the fever was not under control, the chances are there is no longer danger of a serious epidemic. Dr. Warner added it was Dr. White's opinion that if it had not been for the splendid volunteer work which has been done by citizens in screening and taking other precautions recommended by the local health authorities New Orleans at this time would probably have been in the throes of an epidemic as devastating as some of those of previous years. With conditions as they were Saturday the feeling among all those officially in charge of the fight was one of high hope. Death percentage continues to decrease. Each day shows a large number of patients discharged. The tendency is still toward a milder type of sickness rather than toward one more virulent. The large number of new cases testifies to the zeal with which physicians are reporting cases within their practice. They turned in thirty-nine of the sixty-two cases of Friday.

A party of forty-seven Italians reached the city over the Mississippi Valley railroad. When they arrived at the union station they were detained and a report of their presence there telephoned to Federal headquarters. The Italians said they had been chased out of towns in the vicinity of Baton Rouge, at some of the point of shotguns. They tried to leave the train at different points on the way down, but were prevented from doing so. As there is no sickness among them they were permitted to scatter over the city.

Doctors at Rayne, La., disagreed as to the second case that appeared there, some of them holding it was malaria. There is no doubt as to the first case. The infection at Rayne caused some alarm in Texas and quarantine lines of that state are being tightened.

Dr. Stark reported that much of the fever at Leesville, La., is dengue, but there are some cases of yellow fever, though of a mild type. Victims are Austrians and Italians. Leesville is an oyster fishing point and has been constantly in communication with New Orleans.

That fact that Alabama has issued an order prohibiting passage of through passengers from infected points into that state has caused some annoyance here, as it threatens to add to the difficulties of the railroads.

Another evidence of the extreme quarantine is given by Vicksburg, which has now put an embargo on all freight from Louisiana. Quarantine of Mississippi towns against the gulf coast in that state bars all soldiers whom Governor Vardaman sent from time to time to do service on the coast from maintaining quarantine against Louisiana. The case at Starkville, Miss., is that of a soldier who had been on quarantine duty on the coast.

Up to noon Saturday there were sixteen new cases and two deaths. Federal authorities say every day opportunities for controlling the fever are improving.

ANXIOUS TO NURSE.

Barney Tracey Desires to Care For Yellow Fever Patients.

Shreveport, Aug. 19.—Barney Tracey, the Chicago traveling man, the first yellow fever victim to be taken to the E. revoport detention camp, has announced he would like to go to New Orleans as a yellow fever nurse, and thus in a measure pay his debt of gratitude for the treatment accorded him in Louisiana. It is not believed the physicians here will permit this, however, as he is weakened from the fever and would probably soon succumb. Tracey and his companion, Miller, are only awaiting some more direct way than the one now open via Cincinnati to get to St. Louis, which is Miller's home.

The health conditions here and at the camp continue gratifying in the extreme and no danger of secondary infection is felt if the city can be kept clear of fever until Tuesday, the extreme period fixed by physicians.

DAVIS PRESIDENT.

Cleveland Man Elected Head of Eagles by Unanimous Vote.

Denver, Aug. 19.—Henry G Davis of Cleveland was elected grand worthy president of the Order of Eagles by the grand assemblage by acclamation. Grand Worthy President John F. Pelleterie of Kansas City withdrew as a candidate for a second term. Edward Kraibe of Wilmington, Del., was elected grand worthy vice president.

Immigration to Texas this year is expected to equal that of the previous three years put together.

Yellow fever at New Orleans retains its mild form and small number of deaths in proportion to cases. New cases, however, show little diminution.

BRENNHAM PACKERY TO START.

It is now definitely arranged for the operation of the Kessling packery to begin on the 15th of September. It will be operated under lease for a while, the lease running for a period of one year, the lessee to have option of purchasing at the end of that time if he desires at a price agreed on. The papers have been signed by all parties and St. Louis and Chicago capital is combined in the deal.

The starting up of the packery will mean a great deal to Brenham, for not only will the farmers benefit by reason of it, but the trade of the city as well. The farmers of this section have engaged rather extensively in raising hogs because of this packery being located here, and during the short time it was in operation it was recognized as one of the best enterprises that could have been established. It gave the producers a ready market at all seasons of the year for their hogs, and the prices obtained were always satisfactory.

It is understood the new firm will not depend on the local market to take their output, but will endeavor to build up business in larger trade centers. — Brenham Press.

CORN AND PEANUTS.

Exhibit of Brazos County Products Wanted by Southern Pacific.

Mr. W. S. Wilson, agent of the H. & T. C. railway at Bryan, is in receipt of the following letter from the general passenger agent of the Southern Pacific. The letter explains itself:

Mr. W. S. Wilson, Agt.,
H. & T. C. R. R.,
Bryan, Texas:

Dear Sir—We are very anxious to secure some extra fine corn and peanuts for the industrial display this company will make at various New York and New England state and county fairs this fall, commencing with the state fair at Concord, N. H., on the 1st of September.

We would like to get one hundred extra fine ears of corn with the shucks on the corn, ten extra large corn stalks, pulled up by the roots with ears on the stalks as they grew, twelve to eighteen best peanut vines with the peanuts on the vines as they grew, one-half of this number in the large variety and the other the small Spanish variety. In shipping the corn stalks please tie the ears close to the stalks to prevent them from breaking off, then tie all the stalks together and splice the bundle of stalks with three or four small boards the length of the bundle. This will prevent the stalks from breaking. If you can get these exhibits, be so kind as to ship them to me here by Wells-Fargo Express as soon as possible, not later than August 25th.

Yours very truly,
(Signed) J. T. Anderson,
G. P. A.

This exhibit will be worth a great deal to Brazos county, and Mr. Wilson would like suggestions from any one as to where the finest specimens in these lines can be procured.

Tony Dyess and family of Bethel left yesterday for Ballinger, Runnels county, where they will make their home. The people of Bethel community will miss them very much.

THE COTTON CROP.

There is no doubt that the fiercely hot, dry weather is shrinking up the cotton crop at a fearfully rapid rate.

Parties lately arrived here from Central and North Texas points say that the cotton up there was found by this sizzling weather while in a critical stage. The wet weather in the spring retarded planting and the crop was setting its bolls when this spell came on. It is throwing off badly and shortening up the crop.

The same condition prevails here to some extent—in fact, to a great extent, but our cotton being earlier than theirs, we will get a better percentage of a crop than North Texas will, we verily believe.

A good price for a tolerably fair crop would be very nice, and we rather believe the Bryan country will realize it.

STEPS INTO BREACH.

President Makes Desperate Effort to Save Peace Conference.

Portsmouth, N. H., Aug. 19.—President Roosevelt Saturday stepped into the breach with the intention of making a desperate effort to save the peace conference from shipwreck.

It was stated Saturday that a representative of the Russian peace envoys would go to Oyster Bay and confer with the president. It was stated that he was to consult the president with a view to bringing about an agreement between the Japanese and Russian envoys to prevent a rupture. It was also reported the chief executive had sent a direct invitation to a representative to visit him at Oyster Bay. This invitation was transmitted to M. Witte after the president had a conference

ASSISTANT SECRETARY OF STATE PIERCE with Baron Kaneko, who went to Oyster Bay late Friday evening as representative of the Japanese government. Neither the president nor Baron Kaneko would disclose any details of their conference, but after the baron left an important message was sent to Herbert D. Pierce, assistant secretary of state, at Portsmouth, which Mr. Pierce communicated to the Russian envoys. An exchange of messages took place between Oyster Bay and Portsmouth, Secretary Pierce acting as intermediary between the president and the Russian plenipotentiaries.

It was believed Saturday the president had appealed to both Tokio and St. Petersburg to induce the warring countries to show a spirit of concession and not allow the conference to go onto rocks next Tuesday. Mr. Griscom and Mr. Meyer, it was thought might be instructed to make direct appeals to the emperors of the two countries. If the co-operation of France and England, allies of the respective belligerents, were secured, something might be accomplished was the impression. In the last resort to the main obstacle to the success of peace negotiations was certain to prove to be the question of indemnity. Russia will not pay a "cock of tribute" is the language of M. Witte. That was believed to be Russia's last word on that question.

ASSEMBLY FEATURES.

Safeguards for Maintenance of Autocratic Power Crop Out.

St. Petersburg, Aug. 19.—The text of the document constituting the Russian parliament discloses many points of special interest to foreigners enjoying constitutional government. Safeguards for maintenance of autocratic power of the emperor crop out continually in the course of the lengthy document. Although members are to be elected for five years a term in paragraph three provides the emperor before the expiration of the term of five years and new elections ordered by an imperial ukase. Paragraph four sets forth the length of the sessions of the duma and adjournments during the year shall be determined by the emperor. Paragraph ten provides the president of the duma shall report to the emperor. Other paragraphs provide in case of a dispute between the cabinet ministers and the duma in regard to bills the emperor shall have the final word as to the disposition thereof.

The oath to be taken by the members is as follows: "We promise to perform our duties to the best of our knowledge and ability, in all loyalty to his majesty and mindful only of the welfare of Russia."

Members of the duma can only be deprived of their liberty or limited therein by order of judicial power and they may not be arrested for debt. Their payment is provided for at the rate of 10 roubles (about \$5) per day during the session and members receive for traveling expenses 5 kopeks per verst twice yearly and from St. Petersburg.

The usual provisions are made for removal or suspension of disorderly members and for holding executive sessions. Paragraph forty-one debars the public from admission to either general or sectional sessions, but gives the president of the duma the right to admit representatives of the press to open sessions.

Another clause provides for preparation by sworn stenographers of reports of all sittings of the general session of the duma with the exception of executive sessions. These reports may be made public with the approval of the president of the duma.

The electoral scheme debars governors, vice governors, police prefects and subordinates from voting places in districts where they exercise functions. Elections are to be held under the general supervision of the minister of the interior, governors and police prefects while each electoral ward in the principal cities will have an electoral commission, consisting of a president and two members chosen by the mayor from among possessors of a franchise. Civil functionaries may not be elected to the duma unless they resign their posts, nor may any one be elected who is not acquainted with the Russian language.

CAUSE OF HAY FEVER.

Hyomei the Only Cure—Gives Change of Climate in Your Own Home.

Fifty years ago hay fever had not been named, but undoubtedly people suffered then as now with sneezing, watery eyes, excessive running at the nose.

The direct causes appear to be heat, dust, and the pollen of flowers, and the only treatment that physicians recommended prior to the discovery of Hyomei, was a change of climate.

Now by using Hyomei you can save an expensive trip to the Mountains, and escape weeks of suffering. This remarkable treatment kills the germs of the disease and soothes and heals the irritated mucous membrane. It really gives you in your own home a change of climate, and hay fever sufferers know from past experience that this is the only thing that has afforded them relief. By breathing Hyomei a few times daily, you can save the expense of a trip to the Mountains and avoid the dangerous hay fever.

The complete Hyomei outfit costs but \$1, extra bottles, 50 cents, and consists of a neat pocket inhaler, through which Hyomei is breathed, and which will last a life-time, a medicine dropper and a bottle of Hyomei. E. J. Jenkins offers to refund the money if Hyomei does not do all that is claimed for it.

The Clothiers

Friday night, being very pretty, was enjoyed in an appropriate way by fifteen couples of the younger set of society ladies and gentlemen. A delightful hay ride to Carter's Creek was the main feature of the evening. On returning to town a good luncheon was served to them at Mike's Hall, after which music and dancing was greatly enjoyed by all. The chaperones of the occasion were Mr. and Mrs. T. K. Lawrence and Mrs. F. D. Perkins.

W. T. Ford has returned from Hillsboro, where he went to have his son's eyes treated. Mr. Ford was gratified to learn that the case could probably be successfully treated without an operation being necessary.

J. W. Carson and little daughter were in Bryan yesterday en route to Roswell, New Mexico, where Mr. Carson will leave his little girl to attend school and live with his sister in that city.

R. S. Taylor and family of Bryan visited their old home and friends at Midway last week, returning home Monday.—Madisonville Meteor.

Mrs. A. P. Anderson went to visit her sister in Galveston. As she was sick she was accompanied to Houston by Mrs. W. S. Wilson.

Mrs. Dr. Harrington of Waco is at College Station on account of the illness of Prof. and Mrs. H. H. Harrington's baby girl.

Misses Edna and Helen Tuttle and Miss Annie Orem of Houston arrived yesterday to visit Mr. and Mrs. J. M. Collier.

Misses Jewell and Elizabeth Martin arrived from Fort Worth yesterday and are guests of Miss Ruby Connelly.

Mrs. J. H. Mawhinney and her two daughters went to Houston yesterday.

L. F. Chmelsky and Will Boehme returned to Houston yesterday.

Clarence Pearson arrived from Palestine yesterday.

Col. J. T. Harrison was in from the College yesterday.

COUNTERFEIT BONDS.

Presentation of Coupons For Interest Payment Caused Exposure.

Austin, Aug. 19.—Quite a sensation was created here Saturday when it became known that an issue of \$135,000 of Austin dam refunding bonds had been counterfeited and floated. The presentation of \$5000 of interest coupons for collection led to the discovery of the fake issue. The city authorities proceeded to investigate the matter at once and succeeded in locating all the counterfeit bonds and they hope to have them in possession for destruction in a few days.

Some of the counterfeited bonds have already reached here and the comparison of the two issues shows the counterfeit issue to be very crude. It is lithographed on poor paper and is entirely at variance with the genuine issue. Neither the coupons or bonds properly follow up the wording of the original bonds. Seals of the state and city of Austin are both on bogus bonds in regular form. No damage will result to the city as the result of this bogus issue, as when the coupons were presented for payment it led to the discovery they were counterfeit. It is learned that an insurance company of Houston will be the principal loser, as it held most of the counterfeit issue.

The Bachelorettes enjoyed a very pleasant evening with Miss Bessie Buchanan Friday evening. Nothing was left undone by the thoughtful hostess that would insure a good time. The guests found lots of amusement in the fascinating game, "forty-two." The happy idea of good luck was brought out in the pretty, red score cards which bore the shape of a horse-shoe. Whenever a game was won a letter was punched in the card until the word "luck" was spelled out. Bonbons were served throughout the game. Chocolate cream, pineapple sherbet and cake were served at the proper time. The invited guests outside of the club present were Miss Margie Harrison of Brenham, Miss Lorine Barton of Austin and Miss Edna Crudginton. The club will meet with Miss Gussie Buchanan next Friday evening.

A colored man named White, living about a mile on this side of the Brazos and Grimes county line, was killed by his two boys, William and Richard, aged 16 and 21 years respectively. The man whipped the younger boy and a row was started. During the row he threatened to whip his wife, when both boys got a shot-gun and popped him. One shot him behind the ear and the other boy put a bullet through his side. Deputy Sheriff Conlee went down to Navasota and found the boys in the edge of the town, and got them without any trouble. He and the boys met the justice of the peace in Millican and an inquest was held at the scene of the killing. The verdict was as above stated. Witnesses will be called and an examining trial will be held Monday. The boys are now in the Bryan jail.

Horace Jefferson, colored, of Benchley, while enjoying the great American privilege of beating his wife, (so alleged), on Friday night last, was shot by his wife's daughter, (also alleged), the said daughter being the step-daughter of the said Jefferson. Jefferson's eyes were both shot out, and his face was horribly mangled. He was hurt so badly, indeed, that some doubt is entertained that he will recover.

Young people are often thoughtless and sometimes do things that they would not think of doing if results were called to their attention. Moonlight picnickers passing by a home where there is sickness, should not indulge in boisterous noises and hilarity. There are a few cases of sickness in Bryan at the present time that call for caution along this line, and it is to be hoped that it will hereafter be observed.

R. M. Connor returned from Galveston yesterday and reported his brother, Dr. Roland Connor to be improving very fast. His life hung on a balance for several days until on Friday evening there came a change for the better. The Eagle congratulates his many friends upon receiving the good news.

Mrs. O. H. Astin has issued "At Home" cards for an evening in honor of Misses Beard, Tuesday, August 22, 9 o'clock. The recipients are fortunate in the assurance of a very pleasant time indeed.

Mrs. A. M. Ferguson returned to Austin yesterday after a visit to Mrs. S. R. Henderson.

Mrs. A. Bloudean and daughters, Misses Mabel and Bessie, returned to Houston yesterday.

Lost—Open face gold watch and chain. Liberal reward for return to the Eagle office. 222

Misses Jessie Nall and Nettie Brietz returned from Kountz yesterday.

Claude Dawson is on the sick list.

STATE FAIR OF TEXAS DALLAS, TEXAS

SEPTEMBER 30--OCTOBER 15, 1905

ANNOUNCEMENT.

The present organization, known as the State Fair of Texas, stands today without a parallel in the history of Fairs. It is owned and managed by some fifteen hundred of the most prominent citizens of Dallas, who have donated the money to build a fire-proof auditorium and exposition building on the Fair Grounds, costing \$100,000 and in addition to this have advanced the princely sum of \$90,000 for premiums, purses and attractions that the Fair of 1905 may go down into history as the largest and grandest event of its kind ever given in the Southwest.

Every stockholder of this institution has signed an agreement to donate his stock for the good of the cause, and under a contract with the City of Dallas, it is agreed that no officer nor director, other than the Secretary, shall receive any compensation for his services and that every dollar earned by this Fair during the next twenty years shall be expended in the effort to make each succeeding Fair better than the last.

The gates of the Twentieth Annual Fair will open at 10 a. m., Sept. 30, 1905, the Fair continuing sixteen days.

During this period the public is assured of sixteen days solid pleasure and recreation, as well as the opportunity of seeing the largest and best display of live stock ever collected together in the South.

The lovers of speed horses are assured thirteen days racing with high-grade horses, competing for purses aggregating \$30,000, and last, but not least, the homeseeker will have an opportunity to examine a complete display of the varied resources and industries of Texas, as well as those of her sister states.

For further information and details address the State Fair of Texas, Dallas, Texas.

Yours respectfully,
STATE FAIR OF TEXAS
C. A. KEATING, President.
SYDNEY SMITH, Secretary.

TILL TUESDAY.

Peace Plenipotentiaries Are Unable to Agree Upon Article Eleven.

Portland, N. H., Aug. 19.—The peace conference adjourned until Tuesday afternoon at 3 o'clock. The plenipotentiaries were unable to agree upon article 11, relating to the limitation of Russia's sea power, and it was deferred. Article 12, providing for the grant of fishing rights on the Russian littoral was unanimously agreed upon. The articles which were passed over did not come up Friday. The protocols will be drawn up during the three days interim and Tuesday the final struggle will come.

The substance and present status of the Japanese terms are as follows:
1. Russia's recognition of Japan's "preponderant influence" in Korea with her right to preserve order in the civil administration, give military and financial advice to the emperor of Korea, Japan binding herself to observe the territorial integrity of Korea and (it is believed) the policy of the "open door." Accepted.

2. Mutual obligation to evacuate Manchuria. Accepted.

3. Japanese obligations to restore in Manchuria Chinese sovereignty and civil administration. Accepted.

4. Mutual obligation to respect in the future "the territorial integrity and administrative entity" of China in Manchuria, and to maintain the principle of equal opportunity for the industry and commerce of all nations (open door). Accepted.

5. The cession of the Island of Sakhalin to Japan. Refused and final consideration deferred.

6. The surrender to Japan of the Russian leases of the Liao Tung peninsula, including Port Arthur, Dalian, and the Blonde and Elliott Islands. Accepted.

7. The surrender to China, by arrangement with Japan, of the branch of the Chinese Eastern railroad running south from Harbin to Port Arthur and New Chwang, together with the retrocession of all the privileges obtained under the concession of 1895. Accepted in principle, but final agreement deferred.

8. The limitation of the Chinese concession obtained by Mr. Rothstein and Prince Ukhonsky in 1896, under which the "cut-off" through northern Manchuria was built to connect the trans-Siberian and the Ussuri railroads so as to provide for the retention of the ownership and operation of the line by the Chinese and with the provision for the eventual substitution of Chinese Imperial police for Russian "railroad guards." Accepted.

9. Remuneration for the cost of the war. Refused and action deferred.

10. The surrender of the Russian warships in neutral far eastern waters. Disagreement and action deferred.

11. The limitation of Russia's naval power in Pacific waters. Under consideration.

12. The grant of the citizens of Japan of the right to fish in waters of the Russian littoral from Vladivostok north to Bering sea. To be considered.

The above statement of Japan's terms as disclosed by the proceedings of the conference, it will be noticed, confirms the outline of Japanese terms given in the Associated Press dispatches of Thursday, Aug. 10.

Conversed With President.

Portland, N. H., Aug. 19.—At midnight, Assistant Secretary of State Pierce was hurriedly called to the Hotel Wentworth, where a message was awaiting him from the president. He immediately wrote a lengthy reply. Later he was called to the telegraph instrument and for half an hour carried on a conversation by telegraph with the president, who was at the other end of the wire at Oyster Bay. At 12:10 Mr. Pierce left the hotel. "I can tell you nothing," he informed interviewers.

St. Petersburg, Aug. 19.—Foreign office denies that Lamsdorff has resigned or attempted to do so.

NEGOTIATIONS END.

Nothing More to Be Done Until Boycott Has Been Stopped.

Pekin, Aug. 19.—It is learned upon good authority that the American government has notified China that all negotiations for a new convention to discuss Chinese exclusion act will be discontinued until the anti-American boycott is stopped, and China is also given notice that she will be held responsible for any loss sustained by reason of the boycott. Chinese authorities state they will take energetic steps to stop everything of an illegal or disorderly character, but they cannot stop the boycott.

AX IN SKULL.

Negro Murdered and Weapon Left Sticking In His Head.

Shreveport, Aug. 19.—On the Forbin plantation, ten miles south, the body of Wash Walker, a negro tenant, was found lying on the front gallery Friday morning, his head having been crushed in with an ax and the weapon left sticking in the wound. The victim had evidently been struck while he slept. There is no clue to the murderer.

SCHLEYS NIECE TO WED.

San Antonio Young Lady Will Become Wife of Lieutenant.

San Antonio, Aug. 19.—Invitations are out for the marriage of Miss Mary Bowie Franklin, niece of ear Admiral Schley and daughter of Mr. and Mrs. Thomas Franklin of San Antonio to Lieutenant Leroy Bartlett. Lieutenant Bartlett is the son of Rev. E. O. Bartlett of Providence, R. I., and has many friends here. He was graduated from West Point last June.

The wedding will take place Aug. 29 at West Point at the home of Miss Franklin's uncle, Captain Franklin.

Large Real Estate Deal.

Beaumont, Aug. 19.—A deed was filed for record evidencing that Clara Chaison had sold to the Jeff Chaison Townsite company 236 acres of the David Brown league for \$4,000. This land is located on the south side of the city of Beaumont, and largely within the city limits. It is one of the largest realty transfers that has taken place here in some time.

For Whipping Brother.

Navasota, Tex., Aug. 19.—On the Baker farm in Brazos county, Tom Baker, a negro, was shot three times and killed. Two of his sons were arrested. They allege their father whipped a younger brother.

FOR EIGHT HOURS.

Amid Great Enthusiasm Report of the Committee Adopted.

Toronto, Aug. 19.—Amid great enthusiasm the report of the "eight-hour day committee" recommending that an eight-hour day be worked instead of nine, beginning Jan. 1, was adopted by the International Typographical union. Addresses were delivered by Martin Higgins, president of the Printing Pressmen and R. Glocking, president of the International Brotherhood of Bookbinders. Both speakers counselled a fight for the eight-hour day.

The case of Delegate Shelby Smith of Philadelphia has been finally disposed of by his expulsion from the convention. This action against Smith was due to his criticism of the executives in connection with the strike situation in Philadelphia.

It was decided to pay \$250 a week to aid the union printers in their strike against the Philadelphia Inquirer on the condition that the Philadelphia union will subscribe a like amount.

A resolution that no union man shall join the militia was voted down. The author alleged that capitalists can use the militia to further their own ends.

Anti-scalping law was condemned. An alleged school book monopoly in the United States was discussed.

COMMIT DEPREDACTIONS.

Considerable Stock Stolen and a Posse After Apache Indians.

Santa Fe, N. M., Aug. 19.—Word was received at the headquarters of the New Mexico rangers in this city that Apache Indians from Arizona are committing depredations in southwestern Socorro county, on the McGillon reservation. Considerable stock has been taken from the settlers, who have organized a posse and are now pursuing them. The latter are believed to be under the leadership of Apache Kid. A courier from the posse reports that pursuers surprised the Indians in their camp in Elk mountains and scattered them, recovering some of the stolen animals.

Dance of summer widowers at South McAlester was a success. No man wearing a coat was allowed on the floor.

VALUABLE DEVICE.

Vanderbilt Railway Lines Will Experiment With Lacroix's Invention.

San Antonio, Aug. 19.—Fred Lacroix, a young electrical engineer of this city, has the backing of Vanderbilt millions in the perfection of his invention to prevent railroad accidents.

The invention is an electrical device which registers in the engineer's cab and at each station the number of trains running on the line, the direction in which they are running, the distance away, the time per hour, and whether on a main line or a sidetrack. All this is done by means of a single instrument connected with the rails of the track.

The invention is to be tried on a branch of the Baltimore and Ohio Southwestern railroad, and if it is successful it will replace the block system on the New York Central and other Vanderbilt railroads.

UXORICIDE SUICIDES.

Negro Kills His Wife and Terminates His Own Career.

Terrell, Tex., Aug. 19.—Mose Curry, colored, shot and instantly killed his wife, Corrie Curry, and then turned the pistol on himself and sent a bullet into his own brain. He died soon after. The tragedy occurred on the Dashiell farm, three miles north of Scurry. Justice Rogers of Scurry held an inquest over the two bodies and held it to be a case of uxoricide and suicide. Curry was trying to persuade his wife to leave the farm and go with him to Longview. She refused, whereupon he shot her.

GREAT SHIPMENT.

Over Twenty-One Thousand Methodist Hymnals Leave Cincinnati.

Cincinnati, Aug. 19.—The largest single shipment of religious publications ever known, according to book publishers, was made when the Methodist Book Concern sent out a freight car containing 21,184 copies, the first assignment of the new Methodist hymnal, to the branch house at Chicago. The new hymnal is only one on which the two Methodist churches, north and south, have united since 1846. The book contains 717 hymns and 600 pages.

Declared Off.

St. Paul, Aug. 19.—Strike of telegraphers on Northern Pacific railway was declared off by President Parham of the Order of Railway Telegraphers.

CONDENSED HAPPENINGS.

Cuban senate rejected the rice bill. San Angelo, Tex., is to have a fall carnival.

Volney Pattle, a Beaumont printer, dropped dead.

Next session of Creek nation schools begins Sept. 4.

Tioga, Tex., voted the erect a \$12,000 schoolhouse.

SHOOT A LITTLE GIRL.

Young Boy Charged With Taking the Life of Hannah McQuade.

Detroit, Aug. 19.—John Goodson, an eleven-year-old schoolboy, is under arrest charged with murder of Hannah McQuade, aged seven, in Greenfield township, just outside the west city limits of Detroit, Friday night. The little McQuade girl, the daughter of Peter McQuade, a gardener, was driving toward the McQuade home in company with her two sisters, aged ten and twelve. Young Goodson and three companions, boys about the same age, who had been shooting sparrows along the road, appeared and attempted to climb upon the rear of the wagon. The girls ordered them off and whipped up the horse. Goodson, it is charged, became enraged and shot at the girls with the Florent rifle he was carrying. The bullet struck the little girl in the temple, killing her almost instantly. Goodson's companions, who are also in custody, declare that the bullet which struck the girl was aimed at a sparrow on a nearby telegraph pole.

Mind Reading.

"Perhaps smoking is offensive to you, Miss Smith?"

"On the contrary, I like the smell of a good cigar."

Without a moment's hesitation he threw away the weed he was smoking. Something in her manner rather than her words led him to suspect that she was a judge of cigars.—Chicago Tribune.

Time Had Passed.

"I always forget how times flies when I'm enjoying myself," said Mr. Staylate. "I hope you won't hesitate to tell me when it's time to go."

"Gracious!" replied Miss Patience. "It's too late now. You should have mentioned that several hours ago."—Philadelphia Public Ledger.

No Further Delay.

Abner Slopack (desperately)—M-may I name the day? Jemima Jones (decisively)—No! Abner Slopack (in alarm)—Why? Jemima Jones (frankly)—Because, if you put it off as long you did your proposal, we never will be married. I'll name the day myself!—Cleveland Leader.

Rare Animals.

With a heart attuned to "nature study" a little Hungarian girl in the Canadian northwest exclaimed: "Yah, teacher. It's certain beautiful on our prairie, where the birds and the small sheep run about raw."
